

SEEKERe

Explosives and Narcotics Detection

DetectaChem

Accuracy, Mobility and Reliability

The SEEKERe from DetectaChem represents the cutting edge in portable detection. Designed from the ground up, the SEEKERe has been carefully crafted with features specifically requested from end users in the US DOD and government agencies around the world. Features include a flat bottom for no-hands operation, multiple user selectable modes of detection, an innovative reverse hammer system, and a fully sealed and waterproof outer shell make this the ultimate ruggedized battle-ready detector. Detection capability comes from industry leading automated colorimetrics with complete detection screening from a single test.

SEEKERe Capabilities

- Broad range detection
- No Calibration
- Full Color LCD
- IPX8 Waterproof
- MIL-STD 810G
- Embedded GPS
- WiFi/Bluetooth/3G/4G capable
- Multiple Languages
- Multi Mode
- Extremely User Friendly
- Off to On in just 20 Seconds
- Automatic data logging

Specification	SEEKERe
Weight in Plastic	197g (6.94oz or .43lbs)
Weight in T6061 Aluminum	308g (10.86oz or .68lbs)
Size (Millimeters) WxHxD	68 x 116 x 37 millimeters
Size (Inches) WxHxD	2.6 x 4.5 x 1.4 inches
Screen	Full Color LCD 240x400
Battery	Internal Rechargeable Lithium Ion
Languages	All Languages Capable
Detection Type	Explosives and Drugs
Technology	Automated Colorimetrics
Environmental	Sealed, Waterproof, Ruggedized-Shockproof

- Nitroaromatics
- Nitramines and Nitrate Esters
- Inorganic Nitrates
- Chlorates
- Peroxides
- Perchlorates

Seeker

Explosives and Narcotics Detection

DetectaChem

Accuracy, Mobility and Reliability

The Seeker is a multi-threat handheld explosive and drug detection system utilizing an automated colorimetric methodology to detect trace amounts of both explosives and drugs. The Seeker is a lightweight, rugged, handheld, and extremely portable platform capable of being used by non-technical first time users as well as trained professionals. The Seeker features a simple-to-use and intuitive operator interface with a large 7-button keypad and full color LCD display. U.S. Government tested and backed by real world deployment ensures that the Seeker is ready to handle any explosive or drug detection scenario. No other portable device is capable of detecting as many explosive compounds with one simple test as the Seeker. All test results are automatically stored internally with the swipe-card serial number, test result, date, time, altitude, ambient temperature and the precise GPS location.

Specification	Seeker
Seeker Models	Seeker MDU- Explosive and Drug Seeker XDU- Explosive Seeker DDU- Drug/Narcotic
Size and Weight	5.9"x4.7"x1.2", 20 oz.
Screen	3.5" color LCD, 320 x 240 transfective display
Battery	Removable and rechargeable Li-ion 7.4V 2000mAh Battery; AA optional, CR123 optional
Languages	All Languages Capable
Detection Type	Explosives and Drugs
Technology	Automated Colorimetrics
Environmental	Ruggedized-Shockproof
